READINGS:
Course reading assignments are on Blackboard Vista.

GRADING:

Grades will be based on a midterm exam given in class, a final exam given in the examination period, and on class participation. The final exam will be comprehensive. Class attendance is required and attendance will be taken into consideration in deciding upon final grades. The comprehensive final exam will be weighted fifty percent more heavily than the midterm exam. Both exams will be based on the material covered in class and on the readings contained in the syllabus. Students must be present on scheduled exam dates. Make-ups will not be given, except at the request of the Dean, and only when the absence is for serious reason.

According to the academic regulations published in the Arts & Sciences Catalogue students are expected to attend class regularly, take tests and submit papers and other works at the times specified in the course syllabus. Students who are absent on the day of a previously announced test are not entitled, as a matter of right, to make up what was missed, and professors may include as part of the semester's grades, marks for the quality and quantity of students' participation in class.

ACADEMIC INTEGRITY

The following statement on academic integrity is excerpted from a letter sent by the A&S Dean to all members of the faculty regarding the opening of the new academic year.

Among the least enjoyable aspects of our jobs is dealing with violations of academic integrity. We have noted an increased number of these cases over time, with most involving internet sources. Please discuss academic integrity with your students on the first day of class and clarify your expectations in the context of your course and your assignments. Some issues may be ambiguous unless addressed; e.g., are students permitted (or encouraged?) to work together on homework assignments? Plagiarism can sometimes be murky on writing assignments unless you have been clear about the appropriate extent of referencing and footnoting, especially with web sources. I urge you to place the following link directly on your syllabus, and to ask your students to read the section on our academic integrity policy:

(http://www.bc.edu/offices/stserv/academic/resources/policy/#integrity.)
Suspected violations of academic integrity must be reported to the appropriate A&S class dean and will be adjudicated by the Academic Integrity Committee of the College.
