PROBLEM SET 2

**Due at classtime, Wednesday 12 February**

Problem sets should be your own work. You may work together with classmates, but if you're not figuring this out on your own, you will eventually regret it.

For the Stata problems, you will not make use of the RAW files listed in the text, as all of these data are available in Stata format via the `bcuse` command.

For each of the empirical problems, hand in a printout from Stata, annotated with your comments. The "log" icon in the Stata toolbar may be used to create a file containing both your commands and Stata's response. It may be easier to work with a text-format log; the command `log using ps2.log` will create a text log. Use the 'Viewer' within Stata to examine and print the log.

1. Chapter 13, Problem 5
2. Chapter 13, Problem 6
3. Chapter 13, Computer Ex 1
4. Chapter 13, Computer Ex 2
5. Chapter 13, Computer Ex 4
6. Chapter 13, Computer Ex 5
7. Chapter 13, Computer Ex 7
8. Chapter 13, Computer Ex 8
