Office Hours: W 11:00-1:00 PM
or by appointment

Text: REQUIRED - Tresch, Richard, Principles of Economics, West Publishing Company
RECOMMENDED - Gosciny & Uderzo, Obelix and Co., Dargaud Publishing
International, Ltd.
If time permits, I may assign supplemental readings throughout the semester.

<u>Course Requirements:</u>	<u>% of grade</u>	
Numerous Problem Sets	10% cumulative	
1 Essay	15%	
2 Midterm Exams	20% each	
1 Final	35%	on Thu Dec 12, 9:00 am (9:00 class) on Tue Dec 17, 12:30 pm (10:00 class)

There will be several problem sets over the course of the semester. Problem sets will be handed out in class by one week before they are due and are to be turned in on the day due prior to class. They are designed to help you understand the material and practice for the exams. You are encouraged to work together on the problem sets, but you must submit your own answers. By building constructive and regular study groups you can learn as much from each other as you can from me. You are, of course, not to simply copy the work from someone else. At the end of the semester, I will drop your lowest problem set grade.

The essay is similar to a take-home exam. I will work closely with you on the choice of your topic. The essay targets to increase your interest in the subject and to give you a chance for exercising your creativity. It will also serve me as a feedback about your interests.

There will be no make-up exams. If you miss an exam for good reason, let me know immediately, and you will be graded on the other exam and the final. Otherwise, any missed exam will be scored a zero unless you notify me ahead of time and I give my consent for you to miss it. Consent to miss an exam will be given at my discretion and in very exceptional cases only. Personal illness will require a note from the health center. If you do poorly on one exam but consistently well on the other one and the final, the one poor exam will be discounted.

The final is comprehensive and required.

I expect you to read the text carefully and to attend all classes. I strongly recommend keeping up with the reading in the text and reviewing your notes on a weekly if not daily basis.

Active class participation is strongly encouraged. One of my main objectives is keeping this course interactive and interesting. I welcome any course related questions and issues of interest. I will also use class participation as an additional evidence for up to one notch on your final grade (B- to B, C to C+, etc.).

Academic Integrity: You are expected to do your own work on exams. Any violations of this standard will be dealt with as detailed in the BC Student Handbook.
